An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new book, but do not include a price on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with different costs on each page. Make certain your gross sales copy is exactly the similar on every web

page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum price is.

In the end, when you've written a book that solves a problem or presents a new technique, your ebook will usher in each site visitors and profits.
