After you figure out your objective, you will need to figure out what your audience's want is to your ebook. For instance, does your guide clear up a selected drawback? If it does, and solves it in a method that hasn't been written about in one hundred different ebooks, you may be capable of

obtain high sales at a high price. If your ebook solves an issue or solutions questions in a new and unique manner, it is best to worth your book as high as you may go. If you wish to see large income over customer draw, purpose for an audience that is looking for straightforward solutions to their issues at a low price.
