An efficient approach for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the brand new book, but do not embrace a value on that page. One other technique is to check out prices by making a number of duplicate sales pages with different prices on each page. Make sure your gross sales copy is strictly the similar on every page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum price is.
