An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes

to price. Do that by making a gross sales page for the new guide, however do not embrace a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on each page. Be certain your sales copy is exactly the similar on every web page, and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Ultimately, should you've written a e-book that solves a problem or presents a brand new method, your e-book will usher in each visitors and profits. So remember to write that selling-handle sentence that sums up what downside your book solves and what the advantages of your 137 guide will be to the shoppers who purchase it.
