Another strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Be sure that your sales copy is exactly the same on every

page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a new approach, your e-book will usher in both traffic and profits.
