If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new ebook, but don't embody a price on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on every page. Be sure your sales copy is exactly the identical on every page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new approach, your ebook will usher in both traffic and profits.
