promotional material, and each time anyone asks you about your ebook.

Do that by making a gross sales page for the brand new book, however do not embody a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with totally different prices on every page. Make sure your sales copy is exactly the same on each web page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. It will inform you what your optimum value is.

Ultimately, for those who've written a guide that solves a downside or presents a new technique, your guide will herald each visitors and profits.
