In addition to promoting your books assiduously online, there are several different methods that can allow you to promote more books.

One is to provide something away at no cost along with your e book, such as a valuable bonus item. Or bundle several ebooks under one price, which lowers the worth for every e-book if they had been sold separately.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the new e book, however don't embody a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with totally different costs on every page. Be certain your sales copy is exactly the similar on each page, and

contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, when you've written a e book that solves a drawback or presents a brand new technique, your book will usher in both traffic and profits. So make sure you write that selling-deal with sentence that sums up what problem your guide solves and what the advantages of your 2624 e-book will probably be to the customers who purchase it.
