Another strategy is to check out prices by creating a variety of duplicate sales pages with different prices on every page. Make certain your gross sales copy is strictly the same on every

page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, for those who've written a book that solves a downside or presents a new technique, your guide will herald each site visitors and profits.
