sales and promotional material, and each time anybody asks you about your ebook.

An effective method for figuring out a value is to send out a survey to your present customers. If these customers have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the new e book, but don't include a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Ensure your sales copy is strictly the similar on every page, and consists of your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum value is.

Ultimately, in the event you've written a ebook that solves a drawback or presents a new technique, your guide will bring in both site visitors and profits.
