After you figure out your aim, you need to work out what your viewers's need is to your ebook. For example, does your book solve a specific drawback? If it does, and solves it in a approach that hasn't been written about in 100 different ebooks, you will be able to achieve excessive sales at a

high price. If your book solves an issue or answers questions in a brand new and unique means, it is best to worth your e book as high as you possibly can go. An effective method for determining a worth is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new ebook, however do not embody a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with totally different costs on each page. Be certain your sales copy is exactly the similar on every page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum price is.
