piece of sales and promotional materials, and each time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are several different methods that can make it easier to promote extra books.

One is to offer something away at no cost along with your book, reminiscent of a worthwhile bonus item. Or bundle several ebooks beneath one price, which lowers the worth for each ebook in the event that they had been sold separately.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the brand new guide, however do not include a worth on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Be sure your gross sales copy is precisely the same on every page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum price is.

In the end, in case you've written a guide that solves a problem or presents a brand new approach, your ebook will herald both traffic and profits. So remember to write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 640 e-book can be to the purchasers who buy it. And then watch your market come to you!
