Marketing Methods

The important thing that unlocks the sales potential of your book is to discover a single sentence that becomes your promoting handle. Then make sure you use that sentence in every piece of sales and promotional materials, and every time anybody asks you about your ebook.

Besides selling your books assiduously online, there are a number of different methods that may allow you to promote more books.

One is to provide something away without spending a dime together with your book, such as a useful bonus item. Or bundle several ebooks underneath one value, which lowers the worth for each e-book if they were bought separately.

An efficient method for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion by way of price. Do this by creating a gross sales page for the new e book, but don't embrace a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different prices on every page. Be sure your gross sales copy is strictly the similar on each page,

and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum value is.

In the end, in case you've written a book that solves a drawback or presents a brand new approach, your book will usher in each traffic and profits. So remember to write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 740 ebook might be to the purchasers who buy it.
