An efficient technique for figuring out a worth is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do this by creating a sales web page for the brand new e-book, however don't include a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different costs on every page. Be sure that your gross sales copy is strictly the same on every web page, and

consists of your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum value is.

Finally, when you've written a guide that solves a drawback or presents a brand new approach, your e-book will bring in each site visitors and profits.
