The important thing that unlocks the sales potential of your e book is to find a single sentence that turns into your selling handle. This sentence states what question or problem your ebook answers and the advantages your e book can provide. Then make sure to use that sentence in every

piece of sales and promotional material, and each time anyone asks you about your ebook.

An effective approach for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new guide, but don't embody a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on each page. Be sure your gross sales copy is precisely the similar on every web page, and consists of your selling-handle sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum price is.
