Besides promoting your books assiduously on-line, there are several different strategies that can help you promote more books.

One is to give one thing away totally free with your ebook, comparable to a priceless bonus item. Or bundle several ebooks below one worth, which lowers the worth for every book in the event that they had been bought separately.

An effective approach for figuring out a worth is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the brand new ebook, but don't embrace a worth on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out prices by making a number of duplicate sales pages with totally different prices on every page. Make certain your sales copy is exactly the same on each page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

Ultimately, when you've written a e-book that solves a problem or presents a brand new approach, your guide will herald each visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your e book solves and what the advantages of your 840 guide will likely be to the customers who purchase it.
